

The Upper Island Retriever Club presents...

JULY 29 - 31, 2016

DENNIS VOIGT RETRIEVER TRAINING

3-DAY RETRIEVER TRAINING WORKSHOP

Dennis will focus on presenting program setups and how to design teaching set ups. For the first two days we will progress through lessons and drills to improve the Amateur trainer/ handler and their dog. The third day we will work problem-solving with individual handler/ dog teams. The workshop content will be customized to help the participants and selected dogs attending will be run to demonstrate techniques, problems, and solutions. You will see the drills, exercises and philosophies that Dennis has found most successful. Q and A sessions throughout the workshop and during the dinner on Saturday evening will help fill in the blanks for your dogs' particular issues. Our goal will be to help advance your dogs to be the best they can be! Dennis is brought to you by The Upper Island Retriever Club, Black Creek, (Vancouver Island) Canada.

Dennis Voigt has over 45 years' experience in training, hunting, field trialing and judging retrievers all across Canada and the United States.

Dennis has trained 9 Field Champions and won 3 National Championships while training alone the majority of the time. He hunts waterfowl and upland game with all his dogs

Dennis occasionally does training and judging workshops and has teamed up in the past with Mike Lardy, Pat Burns, Ray Voigt and Andy Attar on some.

Dennis has produced two DVD's, **Training Retrievers Alone** and **25 Essential Retriever Training Drills for Handling.**

(www.ybsmedia.com).

He published Retrievers Online magazine for 25 years (www.retrieveronline.com), one of the most comprehensive sources of retriever training information available today.

This workshop will have much content for training with and without e-collars!!
